Food safety, occupational safety and health policy

Seven Sky for Food Industries works in the field of producing tomato sauce, ketchup, jam, tomato concentrates, fruit puree, mustard, mayonnaise, and honey of international quality, due to its employees' long experience in this field.

Seven Sky for Food Industries aims to achieve a safe and healthy product of high quality and maintain high productivity and profitability while reducing the cost of production, which benefits customers and workers. The company places customer satisfaction and fulfilling their desires at the top of its priorities through:

- 1.Meeting customers' needs regarding the quality, safety and security of products.
- 2.Working as a team and continuous training for employees in order to ensure the quality of products and reduce non-conforming products.
- 3.Selecting the best suppliers of raw materials and supplies and adhering to health conditions and good manufacturing practices in accordance with the requirements of ISO 22000:2018 and BRC Food Issue 9 laws relating to product safety and security.
- 4.Conformity with laws and legislation related to occupational safety and health, the requirements of concerned authorities, and other requirements by reducing the risks to which people, equipment, and facilities are exposed at work sites in accordance with ISO 45001:2018.
- 5.Commitment to the continuous development of the food safety, occupational safety and health management system.
- 6.Setting food safety, occupational safety and health goals and reviewing them periodically, in addition to measuring and evaluating performance.
- 7.Communicate the policy to all employees and review it periodically to verify its suitability to the company's activity.
- 8.Providing a safe and healthy work environment to prevent work-related diseases and injuries.
- 9.Commitment to controlling safety and health risks using the hierarchy of controls.
10. Workers' participation in decision-making processes in the occupational safety and health system.
